

Drawing Polygons Practice Sheet 2

Work with a friend to draw the following polygons. Check each others answers. Measure the sides and angles carefully and draw the shape neatly.

- 1) A triangle with one right angle and two side measures of 4 cm and 9 cm.
- 2) A triangle with two angles of 30° and 70° and one side measure of 8 cm.
- 3) A rectangle with two sides of 7.5 cm and 5.5 cm.
- 4) A parallelogram with side measures of 6 cm and 5 cm and an angle measure of 60° .
- 5) A trapezoid with one side measure of 7 cm and two angle measures of 45° .
- 6) A rhombus with a side measure of 5 cm and an angle measure of 50° .
